END BROXTOWE’S TORY NHS CRISIS

Local NHS services are in crisis because of Tory failure.

That’s the view of Nick Palmer, local campaigner and Labour Parliamentary Candidate for Broxtowe. With billions wasted by the Tories on needless internal reorganisations and a failure to invest in crucial services, the pressures on the NHS are reaching breaking point. As Nick says, “Everywhere I go in Broxtowe - from Watnall to Attenborough - I hear the same things almost every day from fed up local people. Getting an appointment to see a GP has never been more difficult, waiting times at Accident and Emergency are getting longer and longer. And, it’s the same across the whole of our country.”

For Nick, nothing is more important than the health of our loved ones. “It is simply unacceptable that local people are being forced to live with the consequences of the Tories’ mismanagement of the NHS” he said. Nick and Labour will take immediate steps to rebuild the NHS for the people of Broxtowe.

Nick Palmer
“For me, Broxtowe always comes first”

My passion is helping local people, who deserve politicians who are on your side. That’s what has always driven me on - doing my best to fight for the best people in the land, because you deserve better.

When I was MP for Broxtowe I supported the Labour government on countless occasions - after all we did some great things for our country, such as saving the NHS from collapse, investing in schools after the Tories had let them decay, introducing the minimum wage against Tory opposition. But, I was never afraid to speak out if I thought something was wrong.

When the government was considering allowing an open-cast mine in Broxtowe, destroying the countryside and filling the roads with HGVs, I simply said “no way” and led a campaign that forced ministers to drop the plans. Sometimes you need to stand and be counted but it was easy because for me, Broxtowe always comes first.

When I am out and about in the local area I often meet people that I have been fortunate enough to help over the years. They are very kind to me and mention how I was never afraid to challenge the Westminster establishment. It is something that is sadly lacking from the current Tory MP who has failed to stop another open-cast mining development in the area and failed to prevent the government from cutting financial support to our local council.

Local people need an MP who will be on your side. Someone not afraid to speak up. It comes naturally to me because I always put Broxtowe first.
**Toton, Trowell, Strelley Village, Nuthall**

The HS2 project will bring new jobs and investment to the area. The other side of the coin is that it will cause massive disruption to the local area. It’s a difficult balance and this makes it more important than ever for you to have an MP who will stand up for your interests. It’s simply unacceptable for local people to be living with such uncertainty about major issues such as levels of compensation and environmental protection. I’ve never been afraid to speak up and get things done for local people and, if elected, you can be sure I’ll be fighting for you.

**Trowell**

I think it was wrong of the Tory-led government to approve open-cast mining at Trowell. The current Tory MP for Broxtowe failed to stop it, simply commenting that she was ‘disappointed’. When I faced a similar battle in my time as your MP I didn’t sit back and just make comments. I took action and successfully stopped a proposed open-case mine at Trowell.

**Stapleford**

I’m delighted that local resident and volunteer Dorothy is giving me her support. She says it’s because I have campaigned on the issues that matter in Stapleford - GP waiting times, supporting businesses and helping local families. But there is so much more to do.

MY PROMISES TO YOU

Nick Palmer will deliver for Broxtowe

20,000 more nurses and 8,000 more GPs

Local people are fed up at being unable to get a GP appointment and facing increasing waiting times at A&E. Labour will bring in 20,000 more nurses and 8,000 GPs for our NHS to make sure patients get the care they deserve. This will be funded by a clamp down on tax avoidance, a levy on tobacco firms and a Mansion Tax on properties worth over £2 million.

Raise the minimum wage

Under the Tories, working people are £1,600 worse off. Labour will tackle low pay, ban exploitative zero hour contracts and raise the minimum wage to £8 an hour – a £3,000 pay rise for a full-time worker on the minimum wage.

Create over 80,000 apprenticeships

At the moment, almost 750,000 of our young people are out of work. Labour will create over 80,000 high quality apprenticeships to help our young people gain the skills they need for a future career.

Balance the books and cut the deficit every year

Labour will build a strong economic foundation and balance the books. None of our manifesto commitments require extra borrowing, and we will cut the deficit every year while securing the future of our NHS.

Will always fight for Broxtowe

I believe passionately that Labour has the right plan for the people of our country, one that will deliver for you and your family. I’m never afraid to speak up if I think local people aren’t being heard. You need to know you have an MP who will stand up for you. Well, for me, Broxtowe always comes first.

TEAM BROXTOWE - LABOUR IN ACTION

I am so happy to be just one part of a fantastic group of people who care so much about our community. Every week you’ll see our “Team Broxtowe” out and about in the local area meeting people, tackling problems and getting things done. It’s a real privilege to be surrounded by local people - of all ages and backgrounds - who are desperate to see things improve in our part of the world.

We’ve got young people looking for a chance to get that first step in their working lives and older people who’ve had enough of the Tory crisis in our NHS. And, there are residents who simply want a local MP who will stand up for them at Westminster and not sit idly by on the sidelines. Well you can count on me!

What brings us all together is a desire to deliver the change we need in Broxtowe. Why don’t you come and join us? Just drop me a line at nick.palmer@broxtowelabour.com. You’ll be making a big difference to our fantastic community and have great fun too.
